MEAT

ステーキ

"Signature Mayura" Wagyu beef, sirloin シグネチャー・マユラ和牛 380.00
Australian Kobe-style Wagyu beef sirloin, marbling score 9+ (300 grams)

Mayura Signature Series has been specifically developed for greater complexity and integration of delicate silky flavours. Produced from virgin female Japanese black haired Wagyu, of Shimane and Tajima bloodlines, performance breeding and pure pedigrees are a major distinguishing factor in the quality of this beef.

To stabilise earthy undertones of flavour the cattle are raised on rolling age old terrain of limestone knoll rise and clean fresh pastures until 12 months of age. The cattle are then stabled and grain-fed for a minimum of 500 days utilising a time honoured Japanese grain-feeding technique to sculpt and enhance the unique delicate flavours and tenderness.

Pure pedigrees, clean natural pastures, sculptured grain-feeding programs and purified clean water are what make Mayura Signature Series Full-blood beef so special. The combination and balance of unprecedented flavour, tenderness and juiciness creates a new level of excellence.
