SPECIALITY GIN AND TONIC

We thought it's only appropriate with a name like Tonic, to have gin as our specialty. Back in the day, tonic water was infused heavily with quinine, an extract from the American cinchona tree. However the bitter taste wasn't pleasant. British officers in India in the early 19th Century took to mixing water, sugar, lime and gin to the quinine in order to make the drink more palatable. Thus the gin and tonic was born into this world.
