Terroir of Manjimup

*Truffle Hill was established in 1997 with a singular vision: to cultivate and share the highest quality Black Périgord (*Tuber Melanosporum*) truffles in Australia.*

Choosing the famed terroir of Manjimup for its cool climate, ancient soils and pristine environment, Truffle Hill's founders planted the first truffle-inoculated hazelnut and oak trees on rolling hills surrounded by majestic forest giants. With that bold act, Truffle Hill became a pioneer of black truffle farming on the Australian mainland.
